

Acknowledgment of *Ad Hoc* Reviewers

Marcela F. Pasetti, *Editor in Chief*

The Editors of *Clinical and Vaccine Immunology* (CVI) are deeply grateful to the outstanding *ad hoc* reviewers who so generously contributed their time and expertise this past year reviewing manuscripts for CVI. Their critical evaluation of submitted papers and suggestions for improvement are essential to our mission of publishing novel, significant, and high-quality scientific reports that will advance the fields of vaccines and clinical immunology. We greatly appreciate our reviewers' support and efforts to ensure the excellence of publications in CVI.
